HOTEL BERGHOFER

Hotel Berghofer in Radein, South Tyrol, is situated 1560 m above sea level in the midst of the Alps, offering magnificent views of countless mountain peaks. The hotel, built in 1961, was restructured by Zeno Bampi in 2001. The architect is also responsible for the interiors, now contemporary but still committed to local tradition. With the help of wood and many details typical of the area, a comfortable and intimate ambiance was created. A highlight of the hotel is the spa area with sauna, steam room and hay bath, which seamlessly connects to the outdoor mountain pool, guaranteeing recovery for body, mind and soul.
